

# Cyclone **Boys** Basketball Information 2011 Grades 5-8

Plans are in progress for the KCSS 2011-2012 school year basketball programs.

**It is important that we obtain an accurate number of players in each grade, because it affects the number of teams per grade.**

**Starting with the 11-12 school year, student/athletes are allowed to play on a traveling league team with the expectation that the KCSS team takes priority if there is a conflict with the traveling team.**

**Please complete and return this form to the campus office no later than Wednesday, September 7, 2011**

My son \_\_\_\_\_ has my/our permission and will be participating in the basketball program. I understand and accept full responsibility for his actions and any injuries that may befall him during practice, games or going to and from any of these activities.

Grade \_\_\_\_\_

We look forward to another year of exciting Cyclone Basketball and appreciate all of your cooperation!!!
